The screenshot shows a web browser window with the address bar displaying `C:/Users/Cristian/Desktop/MODULO%203/index.html`. The page content includes a title "Práctica de JavaScript" and a list of calculator functions: `sumar(a, b)` (Suma), `restar(a, b)` (Resta), `multiplicar(a, b)` (Multiplicación), `dividir(a, b)` (División), `historial` (Muestra el historial), and `calculadora()` (Modo interactivo). The browser's developer tools are open to the "Console" tab, showing the execution of `sumar(22, 11)` resulting in `22 + 11 = 33`. A red arrow points to the console output. A security warning is visible in the console: "Unsafe attempt to load URL file:///C:/Users/Cristian/Desktop/MODULO%203/index.html from frame with URL file:///C:/Users/Cristian/Desktop/MODULO%203/index.html. 'file:' URLs are treated as unique security origins." The bottom of the screen shows a Windows activation watermark.

```
Bienvenido a la calculadora en JavaScript
Escribe en la consola:
  sumar(a, b)    - Suma
  restar(a, b)   - Resta
  multiplicar(a, b) - Multiplicación
  dividir(a, b)  - División
  historial      - Muestra el historial
  calculadora()  - Modo interactivo
[Error] Unsafe attempt to load URL file:///C:/Users/Cristian/Desktop/MODULO%203/index.html from frame with URL file:///C:/Users/Cristian/Desktop/MODULO%203/index.html. 'file:' URLs are treated as unique security origins.
> sumar(22, 11)
22 + 11 = 33
< 33
> |
```

Práctica de JavaScript

PRESIONA F12 Y SELECCIONA LA PESTAÑA "CONSOLE".

The screenshot shows a web browser window with the address bar displaying 'C:/Users/Cristian/Desktop/MODULO%203/index.html'. The browser's developer tools are open, with the 'Console' tab selected. The console displays the following content:

```
BIENVENIDO A LA CALCULADORA EN JAVASCRIPT
Escribe en la consola:
  sumar(a, b)    - Suma
  restar(a, b)   - Resta
  multiplicar(a, b) - Multiplicación
  dividir(a, b)  - División
  historial      - Muestra el historial
  calculadora()  - Modo interactivo

> sumar(22, 11)
22 + 11 = 33
< 33
> restar(66, 33)
```

A red arrow points to the line '> restar(66, 33)'. Above this line, there is a red error message: 'Unsafe attempt to load URL file:///C:/Users/Cristian/Desktop/MODULO%203/index.html from frame with URL file:///C:/Users/Cristian/Desktop/MODULO%203/index.html. "file:" URLs are treated as unique security origins.'

At the bottom of the browser window, there is a notification that says 'Activar Windows' and 'Ve a Configuración para activar Windows.'

Otro ejemplo, ahora restando.

Modo Calculadora

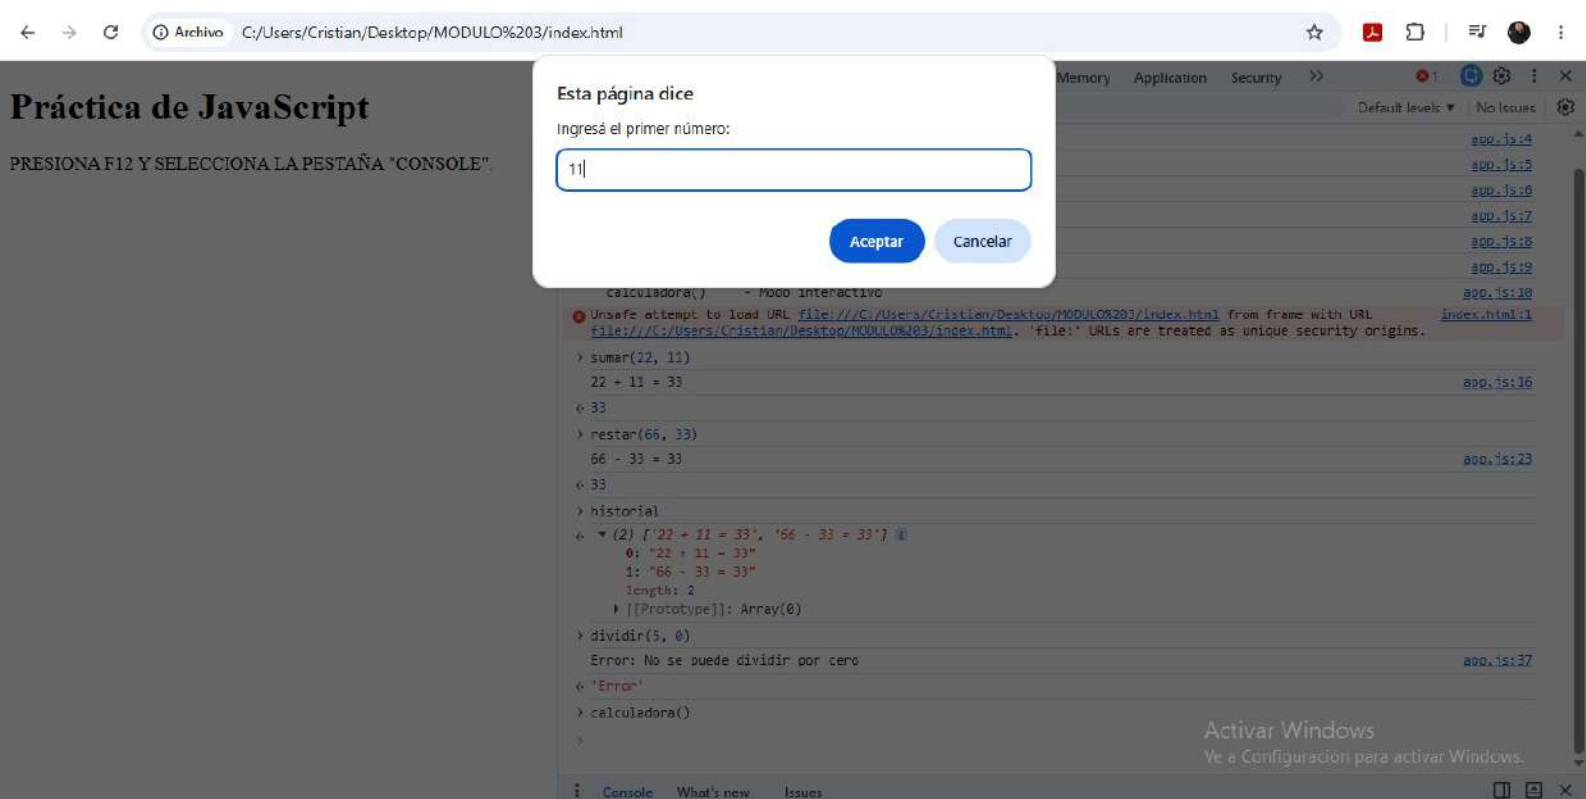

The screenshot shows a web browser window with the address bar displaying 'C:/Users/Cristian/Desktop/MODULO%203/index.html'. The developer console is open, showing the following content:

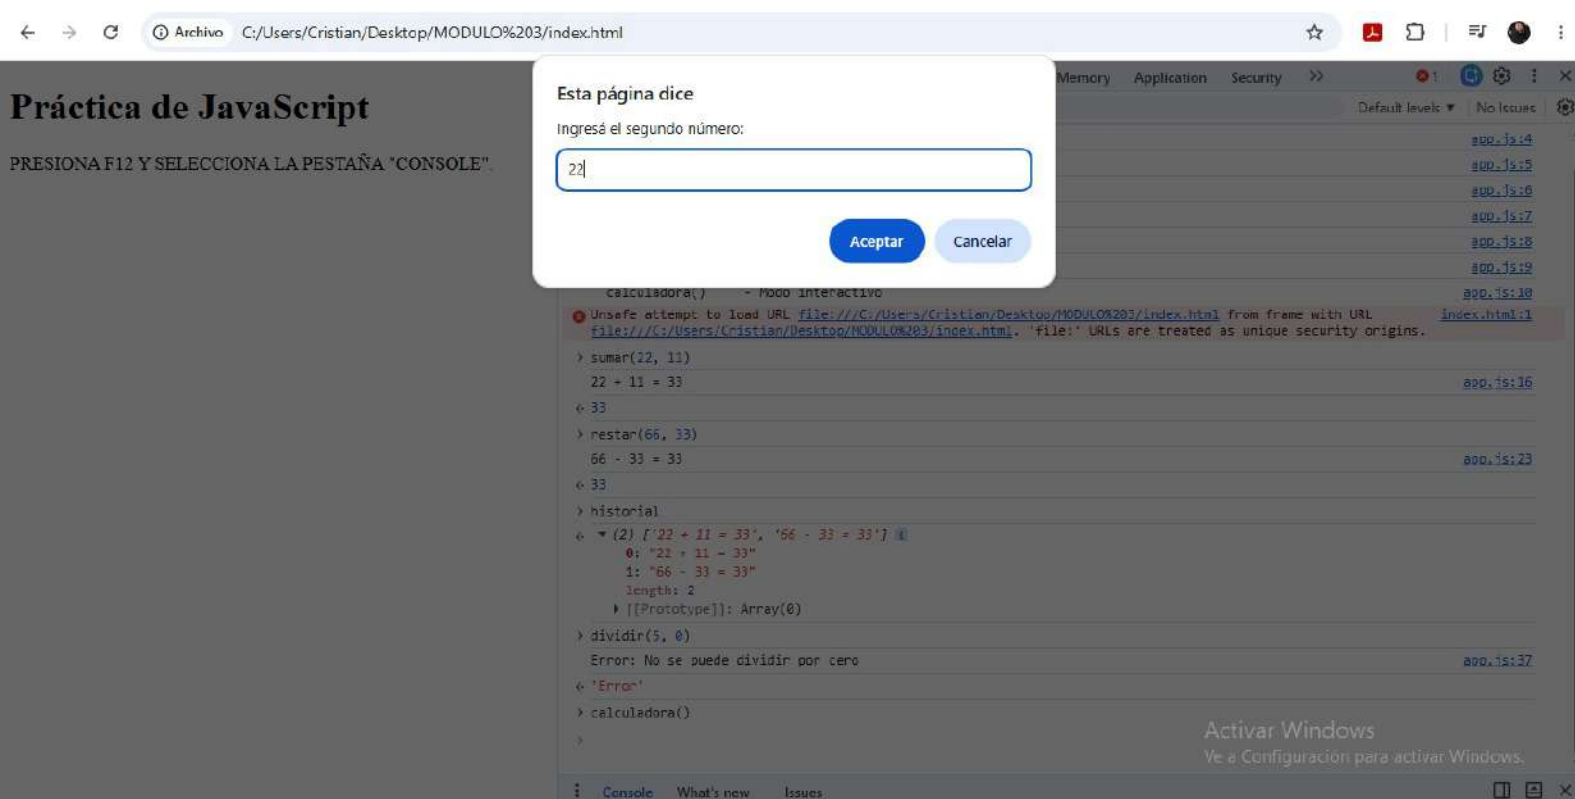

- Elements** tab is selected.
- Console** tab is selected, showing the following log:

```
Bienvenido a la calculadora en JavaScript
Escribe en la consola:
  sumar(a, b)    - Suma
  restar(a, b)   - Resta
  multiplicar(a, b) - Multiplicación
  dividir(a, b)  - División
  historial      - Muestra el historial
  calculadora()  - Modo interactivo

> sumar(22, 11)
22 + 11 = 33
33
> restar(66, 33)
66 - 33 = 33
33
> historial
(2) ['22 + 11 = 33', '66 - 33 = 33']
  0: "22 + 11 = 33"
  1: "66 - 33 = 33"
  length: 2
  [[Prototype]]: Array(0)
> dividir(5, 0)
Error: No se puede dividir por cero
> calculadora()
calculadora()
```

A red arrow points from the text 'Modo Calculadora' to the 'calculadora()' function call in the console. A warning message is visible in the console: 'Unsafe attempt to load URL file:///C:/Users/Cristian/Desktop/MODULO%203/index.html from frame with URL file:///C:/Users/Cristian/Desktop/MODULO%203/index.html. 'file:' URLs are treated as unique security origins.'
